Principal office, 102 Nassawett, New-York City.

OLD DOCTOR Jacob THE ORIGINAL

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DIS OVERER of the GENUINE ORIGINAL "TOWNSERD SARSAPARILIA." Bring poor, he was compelled to limit its manufacture, by which means it has been kept out of market, sad the sales sireumscribe to these only who had proved its worth and known its value. It had resished the early of may, nevertheless, as those persons who had been healed of sove diseases, and eaved from death, proclaimed its excellence and wonderful HEALING POWER. This

Grand and Unequalled Preparation is manufactured on the la gest scale, and is called for throughout the length and heracith of the land.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the hetter: because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the AT, huya all been brought into requisition in the manufacture of the OLD DR. SARS *PAR-IL-LA. The Sarsaperilla root, it is well known to medical men, coutsion medicinal properties, and some properties which are inert or useless; and others, which, if retained in preparing it for use, produce fermentation and actd, which is injurious to the system. Some of the properties of Sarseparilla are so voistile that they entirely expersate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover these voistile principles, which fix off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which gives to it all its value. The

Old Dr. Jacob Townsend's Sarsaparilla is so prepared, that all the inert properties of the Sarsaparilla root are first removed everything capable of becoming acid or of fermentation, is extracted and rejected then every particle of medical virtue is secored in a piere and concentrated form; and thus it is rendered incapable of losing any of its valuable and heating properties Prepared in this way, it is made the most powerful agent in the Cure of Innumerable Diseases.

Impurity of the Blood. It possesses a marvellous efficacy in all complaints arising from Indigestian, from Acidity of the Stomach; from unequal circulation, determination of blood to the head, palpitation of the heat; cold feet and cold hands, cold chills and hat flastes over the body. It has not had its equal in coughs and cold; and promotes say expesteration, and gentle perspiration, relaxing stricture of the lungs, threat, and every other

But in nothing is its excellence more manifestly seen and acknowledged than is all kinds and stages of Female Complaints. it works wonders in cases of fluor athus or whites, Palling of the Womb, Ob tructed, Suppressed, or Painful Memes, Irregularity of the menetrual periods and the like; and is effectual in curing all forms of the Kidner Disease. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and cures all forms of

Nervous Diseases and Debility, Neuralgia, St. Vitus Dance, Swooning, Epileptic Fits, Con rulaions, &c.

It is not possible for this medicine to fail to do good; it has nothing in it which assever harm; it can never sour or spoil, and therefore can never lose its curative properties. It cleanes the blood, exities the liver to healthy action, tones the stomach and gives good digestion, relieves the bowels of torpor and consilipation, allays inflammation, purifies the site, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all

The Medicine you Pre-cuisently Need! But can any of these things he said of S. P. Townsend's inferior article ? This young man's liquid is not tobe Compared with the Old Dr.'s, crause of the GRAND FACT, that the ene is INCAPABLE of DETERIORA

while the other DOES; it sours, ferments, and blews the bottles containing it into fragments; the sour, acid hquid explicating and damaging other goods! Atost not this horrible compound be poissonous to the system? What! put said into a system what! put said into a system what the said into a system what the said into a system what the said into a system what has been sourced in our stomachs, what mischiefs is produces?—Gaus lence, hearthurs, palpitation of the hgart, liver complaint, diarrhus, dysautery, choic and corruption of the bleact? What is Serofule but an acid humorin the body? What produces all the humors which bring on Eruptions of the Shim, Seald Blead, Sait Bheum, Erusipelas, White Swellings, Fever-Sores, and all interactions interacted attenual? It is nothing under heaven but an acid onbatance, which sours, and thus spoils all the fluids of the hody, more se less. What causes Rheumatism but a sour acid fluid, which insinuates itself between the joints and clee where, irritating and inflaming the tender and delicate tissues upon which it acts? So of nervous discenses, of impurity of the blood, of deranged circulations, and nearly all the all-ments which afflict human nature.

Now, is it not herrible to make and sell, and infinitely worse to use this

Scuring, Fermenting, Acid "Compound" OF S. P. TOWNSEND!

and yet he would fain have it understood that Old Jacob Townsend's GENUINE ORIGINAL SARSAFARILLA, is an IMPTATION of his inferior preparation !! Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from agents who have said, and purchasers who have used S. P. Townsend's FERMENTING COM-PIUND! We wish it understood, because it is the obsolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are beaven-wide apart, and infinitely dissimilar; that they are unlike in every perticular, having upl one single thing in common. infinitely dissimilar; that they are source to the public have the common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharosateutist—knows no more of medicine or disease, than any other common, unsciratific, unprofessional man, what guarantes can the public have that they are receiving a genuius scientific medicine containing all the properties of the articles used in praparing it, and which are incapable of changes, which might reader than the ACENTS of DISPASE instead of health?

It is to arrest frauds upon the unfortunate, to pour halm into wounded hamanity, to kindle hope in the despairing bosom, to restore thath and bloom and rigor loto the crushed and broken and to banish infirmity—that old DR. JACOB TOWNSEND has SOUGHT and FOUSD the opportunity and means to bring his

Grand Universal Concentrated Remedy, within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its Transcendent Power to Heal!

and thus to have the unpurchaselie satisfaction of having reland thousands am million, from the bed of sick ness and despondency, to hope, health, and a long life of rigor and neglaless to themselves, their families and friends. Principal office 102 Nasanu-street, N. Y.
